Introducing the new “Student Experience Passport”

We are excited to unveil an innovative new initiative designed to enhance your engagement and enrich your academic journey: the *Student Experience Passport*. This will aid in recognising and rewarding students' participation in various events organized by the department. Each time a student attends an eligible event, they will receive a stamp in their passport (up to five stamps per semester). This is more than just a fun keepsake—it's a gateway to academic rewards.

Partnership with BC Hotels Association

We are excited to announce that the International School of Hospitality, Sports, and Tourism Management at Fairleigh Dickinson University (Vancouver Campus) is now a member of the British Columbia Hotel Association (BCHA), thanks to the efforts of Prof. Denise Chiang.

As a BCHA member, our institution can post co-op opportunities directly on the BCHA portal, creating direct employment pathways for our students in hotels across the province. This partnership will strengthen our ties with the hospitality industry and enhance our students' practical experience and job market competitiveness.

We see this collaboration as a win-win for everyone involved.

A new initiative “Student Mentorship Program”

As we welcome the first-semester students this fall, we understand that it may be overwhelming for them to adjust to the new school life. We have come up with a new initiative called “Student Mentorship Program,” where our fourth-semester students will get in touch with our first-semester students for a one-on-one mentorship session online.
